

## FOR IMMEDIATE RELEASE – FEBRUARY 1, 2010

### JOHNSON SYSTEMS INC. ANNOUNCES JSI CD-3000 RETROFIT CONTROL SYSTEM

**CALGARY – FEBRUARY 1, 2010 – JOHNSON SYSTEMS INC. (JSI)** is pleased to announce the new JSI CD-3000 retrofit control system for Strand CD80® and Strand C21 Series dimmer racks.

"After six months of field installation in some of the most hostile electrical rooms known, we, at JSI, are excited to offer this new technology to the marketplace. The new CD-3000 retrofit control system is an expanded version of the next generation 'system-on-a-chip' technology used in our

JS-ICON™ Series dimmer/relay racks and will offer unmatched performance and features at a very attractive price", explains **Shaun Johnson, President.**

The JSI CD-3000 will be available in seven different models, all using the same singular control module. All models will offer the **lamp filament warming** and **"green" power saving features** of the JS-ICON™ Series dimmer racks. Optional warranties of up to 10 years shall be offered on this product line.

Detailed information on the new JSI CD-3000 – including product images, product sheets and specifications - is available on JSI's website at [www.johnsonsystems.com](http://www.johnsonsystems.com).
