FOR IMMEDIATE RELEASE:

JOHNSON SYSTEMS INC. Announces DMX 2-PORT MERGERS

CALGARY, Alberta (August 20, 2013) - JOHNSON SYSTEMS INC. is pleased to announce the expansion of its new series of DMX MERGERS. Two DMX 2-PORT MERGER versions will be offered; one for portable applications and another designed for DIN rail mounting in permanent enclosures. Both units share the identical hardware and firmware allowing for an extremely cost-effective DMX input management solution where additional hardwired DMX inputs are required. Multiple units can be cascaded together or wired together with our recently released DMX 6-PORT MERGERS.

Details, including product images, product cutsheets and specifications are available on JSI's website at www.johnsonsystems.com.
