MX-3000 Purchase Date: _____

Old Cores Shipped Date: _____

Project Name: _____

Project Location: _____

JSI MX-3000 Serial #'s:

_____	_____
_____	_____
_____	_____
_____	_____

To receive a \$2,000 per module credit applied to your invoice, your old system control module(s) must be shipped prepaid and received within thirty (30) days to:

E-Waste Recycling
c/o Emlight Design
1179 N. Eastman Ave.
Los Angeles, CA 90063

JSI MX-3000 products are energy efficient and consume less than 1 watt. Compliance with the International Energy Agency's "One Watt Initiative".

Please include this form inside your shipment. This form may also be downloaded at http://www.johnsonsystems.com/mx_3000.htm.

Once received, a credit will be issued and e-mailed to the e-mail address indicated above.

Please note our thirty (30) day limit - no extensions without factory approval.
