JOHNSON SYSTEMS INC. AWARDED IP GRANT

Alberta Innovates has approved Micro Voucher grant.

CALGARY, Alberta, August 16, 2017– JOHNSON SYSTEMS INC., an architainment lighting control company, announced today that it has been approved for a Micro-Voucher from Alberta Innovates to begin the Patent process for a state of the art, ultra green, universally adaptable LED Dimming and Control System trademarked as **Presidor™**.

“This grant provides validation of the amazing potential of this next generation LED Dimming system”, says founder and CEO Shaun Johnson.

Johnson Systems Inc. has a long history of delivering premium retrofit lighting solutions to customers around the world. **Presidor™** will provide a ‘next generation’ solution for customers wishing to easily and quickly upgrade their existing lighting to energy and cost saving LED’s at a fraction of the cost of new installations.

For over 30 years, Johnson Systems Inc. has provided state of the art, retrofit lighting solutions to museums, auditoriums, theatres, conference centres, theme parks and more.
